IT IS TAKEN UP SERIOUSLY BY SIX DEMOCRATS STOOD FIRM AGAINST THE REMOVAL.

> Four Non-partisans, Two Republicans and Two Democrats Were With the Mayor - The Lawful Money Refunding Bonds.

Shortly after the announcement of lest, and when ex-Senator Arthur the supreme court's decision, reinstat-Brown jokingly remarked a day or ing the deposed policemen, the standtwo ago that the Republicans were go- ing of the vote in the city council, May ing to combine, irrespective of financial 24 last, on the mayor's action making views for the election of Hon. Frank the removals and appointments, beviews for the election of Hon. Frank
J. Cannon, he unconsciously related something which has since become fact.

Acting on the suggestion made, or having such a plan already in mind, Cannon's supporters are already planning to make overtures to the Resublican members-elect, with a view to securing their support when the legislature meets. The motto, "Anything to beat the Democrats," is not to be abandoned thus early. It will be argued that the Republican have no show of electing a straight Republican to the position, and any Republican is better than no Republican.

By this argument it is hoped to win over a large number of the straight gold element, and then a siege will be laid to some of the Democrats, who will be told of the excellent record made by Mr. Cannon on the silver question; how he voted against tariff, and all that sort of thing. is, Patrick, Robertson, Romney and

Wallace.
Several of the councilmen who then
were on the minority side agreed with
President Barnes that it would be less President Barness that it would be less expensive to the taxpayers to remove only one man for the special purpose of determining in a test case just what has been decided by the supreme court, but the majority willed otherwise.

During the discussion yesterday of this subject by city officials, the somewhat significant incident was pointed to that in the vote on the proposition to issue lawful money refunding bonds by the city in lieu of gold coin bonds, the Democratic councilmen stood on the right side. For the sake of comparison it was noted that the roll-call vote on the bond question differed but little from the one on the police matter, only Diehl and Alien joining with the seven whose judgment was sound on the question of changes in the police department in refusing to vote for

lice department in refusing to vote for gold clause bonds. In this latter in-stance, also, the stand taken by the reliable Democratic side of the council has been amply vindicated by the suc-cessful floating of the lawful money issue at a premium
